

## ST. LOUIS CONVENTION.

Promise of a Very Large and Representative Gathering of Men Friendly to Silver.

Prominent People From All Sections, Including Congressmen, to be Present.

Special Papers On Silver Coinage to be One of the Features—An Interesting Programme Promised.

St. Louis, Nov. 11.—The governors of the states and territories are very generally exercising the privilege of appointing twenty delegates and an equal number of alternates, so that a national representation at the Silver convention is assured. The committees have correspondence from different parts of the country, promising very large attendance outside the delegates. For the delegates at large, there are now over 200 nominations. These are to be appointed by the executive committee, the authority for which was in the issue of the call. It was then thought that 100 delegates at large, would be all that necessity would be found for, but since then, so much enthusiasm has been displayed that it will probably be found necessary for the committee to exercise the authority given at the time to increase the number of delegates at large as it was found necessary or advisable.

The nominations are all of gentlemen whom it is desirable to have present at the convention, and they are also of such character that it is difficult to decide where to cut out to bring the number down to the 100 originally provided for. For this reason, according to advice, the committee deems it desirable to increase the number of delegates at large. The nominations made by the executive committee as stated are of gentlemen whom it is desirable to have at the convention. The committee has been very energetic and deeply in earnest in this work, and its correspondence has resulted in awakening a much deeper feeling in favor of appropriate silver legislation, friendly alike to the mining and agricultural industries, than it was expected would be secured at the time. Fears have been expressed that in a national convention of this character, silver would be slaughtered in the house of its alleged friends. That these are groundless is evident by the character and known opinions of the gentlemen nominated for delegates and who give promise of being at the convention in that capacity.

During the past week the invitation committee sent to all members of congress, governors of states, and the president and cabinet officers, special invitations to be present at the convention. These invitations are a handsome piece of lithography, printed on heavy card paper, with hammers silver borders, top and bottom. It is known that the attendance of congressmen will be large. The speakership fight in Washington previous to the assembling of congress and previous to the first week in December, will necessarily prevent many from being here who would otherwise attend. While this is the case, the convention in its deliberations will still have weight with members of congress who are not here, as many have written emphasizing the interest they have in the convention, and requesting specially that the proceedings and conclusions of the convention be mailed them. This, it is expected will be done. A number of prominent gentlemen have accepted special invitations to present papers on the silver question, in its different phases, and these will be of great value in legislative consideration of the questions coming up in connection with the silver agitation. It is expected that a great deal of entirely new matter will be brought out by the discussions in this convention. Several delegates appointed by the governors and who are men of known opinions and research, have written stating that they are preparing special matter to be presented in the interest of silver coinage.

The executive committee at its last meeting received several very interesting reports. The entertainment committee during the week added to its programme a new feature, that is, a promenade concert and ball, to be held at the Merchants Exchange, on the evening of the opening day, Nov. 20th. The hall, a very large one, will be gaily decorated, the fountain banked with tropical plants and flowers, and the entire entertainment made on a scale of grandeur, for which the Veiled Prophets display is known all over the country. The Thanksgiving day features of the entertainment programme as now planned, will include a carriage drive in procession around the city to all points of interest, and through the parks and fair grounds, and return to either Music hall or the Merchants Exchange, where a Thanksgiving day collation will be spread. It had been intended to arrange for an elaborate banquet on that day, but owing to the large number of people, delegates and invited guests, who will be present, it was found impossible to accommodate them with comfort. After consideration and desiring to provide something as near homelike and free from banquet formalities as possible, as the day after a successful convention will be a genuine day of Thanksgiving, the committee has properly decided on a collation, to be one of the grandest ever arranged in the country. On Wednesday evening, the committee accepting the hospitalities of the theatres, will escort the delegates and invited guests to such theatres in the city as they may select.

It is astonishing how rapidly the feeble and debilitated gain strength and vigor when taking Ayer's Sarsaparilla. For what are called "broken-down constitutions," nothing else has proved so effective as this powerful and perfectly safe medicine.

Begg's Cherry Cough Syrup. Is giving splendid satisfaction to the trade and the sales are positively marvelous, which can be accounted for in no other way except that it is without doubt the best on the market. Ask for and be sure you get the genuine. We keep it. R. S. Hale & Co., Druggists.

The Verdict Unanimous. W. D. Sult, druggist, Bippin, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at R. S. Hale & Co.'s drug store.

Croup Can be Prevented. We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup, it is wholly

owing to the negligence of its parents. True croup never appears without due and timely warning; a few hours, or a day or two before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy as directed with each bottle, under the heading "to prevent croup," will dispel all symptoms of the disease. The first sign of croup, hoarseness, may be overlooked by young mothers or those not familiar with the disease. Under such circumstances, or when not properly treated, the hoarseness becomes more marked and the child shows symptoms of having taken cold, then a peculiar rough cough is developed. Even at this stage Chamberlain's Cough Remedy will prevent the croup, but after the cough has developed, the croup is liable to appear at any moment. The proper way, is to keep a bottle of this remedy at hand. It costs but fifty cents, and only a few doses, or, at most, not over one-third of a bottle is required to dispel all symptoms of the disease. Can you afford to risk so much for so little? There is not the least danger in giving this remedy in large and frequent doses, which are always required, as it contains no injurious substance. As proof of this fact, we refer to Mr. John L. Olson of Des Moines, Ia., whose 10-months-old boy drank the entire contents of a fifty cent bottle of Chamberlain's Cough Remedy without the least injury. For sale by H. M. Farchen & Co.

Woman's Discovery. "Another wonderful discovery has been made, and that, too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co. of Shelby, N. C. Get a free trial bottle at R. S. Hale & Co.'s drug store.

Unsurpassed in the World. The vestibuled trains of the Chicago, Milwaukee & St. Paul railway, running daily between St. Paul and Minneapolis and Milwaukee and Chicago, are the perfection of modern railway equipment, and are unsurpassed in the world. They consist of elegant day coaches, Pullman's latest and best sleeping cars and the finest dining cars in the country. These trains are lighted by electricity and heated by steam, and afford to the traveler every comfort and convenience to be had at the very best hotels. All classes of tickets are honored on these trains and the rates are no higher than by other lines. It is for this reason that discriminating travelers patronize this company and insist that their tickets read over its line, as they naturally want the best service for their money.

Notice to Clergymen. All clergymen who wish to make application for annual half-fare permits for 1890 over the Union Pacific lines, are hereby requested to call at this office, 28 North Main street. A. E. VRAZIE, Passenger Agent.
